

the nation in history pdf

A nation state (or nation-state) is a state where the great majority shares the same culture and is conscious of it. The nation state is an ideal in which cultural boundaries match up with political ones. According to one definition, "a nation state is a sovereign state of which most of its subjects are united also by factors which defined a nation such as language or common descent."

History Early modern. During 1898â€“1906, beginning with the Curtis Act of 1898, the US federal government all but dissolved the former Cherokee Nation's governmental and civic institutions, to make way for the incorporation of Indian Territory into the new state of Oklahoma. From 1906 to 1938, the structure and function of the tribal government was not clearly defined.

The two-nation theory was the basis for the partition of India in 1947. This theory supported the proposal that Muslims and non-Muslims should be two separate nations. It is the ideology that the main identity and unifying aspect of Muslims in the Indian subcontinent is their religion, rather than their language or ethnicity.. The two-nation theory was a founding principle of the Pakistan ...
