The Psychology of Studying Well Hello There! You're actually reading this! As your authors, we're impressed. Too often, students just jump in and read a textbook from the first assigned chapter to the last. That's a shame because a textbook needs to be studied, not just read. Think about it: How much do you typically

CAREERS In Psychology

Social psychology is the scientific study of how we feel about, think about, and behave toward the people around us and how our feelings, thoughts, and behaviors are influenced by those people. As this definition suggests, the subject matter of social psychology is very broad and can be found in just about everything that we do every day.
